Do you have things in your life you'd like to change, but can't seem to do it no matter what? Are there things that get you down? Whatever the issue, simple dowsing techniques can often quickly and gently identify and modify many unhealthy behavior patterns and get you back on track.

Come prepared with a list of your issues, to this experiential presentation in which Susan will offer dowsing protocols to assist you in finding the originating sources of both conscious and unconscious patterns. Protocols will also be used to neutralize behavioral triggers, and to transform energies to create healthy patterns leading to balance and harmony in your life.

A former President of the Canadian Society of Dowzers (CSD) and CSD Dowser of the Year, Susan is a full time professional dowser with a dynamic private practice. Author of several dowsing books, she has offered schools and workshops at many local and national dowsing conventions and internationally.

Dowsing is an excellent way to balance yourself and the world around you. Susan will share practical information on how to use dowsing to detect, assess and transform subtle energies in your environment. She believes that dowzers link the conscious, subconscious and super-conscious minds, and are able to tap into information unlimited by time and space. This *intermediate / advanced* class includes:

- Reprogram the human computer;
- Detect and transform detrimental earth, environmental and thought form energies;
- Find beneficial energies;
- Learn to map dowse
- Use remote sensing and radionics

Components will also include using dowsing for soul retrieval, past life release, ghost busting, removing curses and trending future events. Please dress for the weather—there will be outdoor components to work directly with the earth energies. (All tools will be available for use during the workshop.)

To register in advance, send your name and phone number with a check or money order made payable to the Tucson Dowzers, to 8864 N Palo Verde Bluffs Place, Tucson 85742. Must be postmarked by 9/18.
